SUMMARY

As a web developer at Sonder Labs, I built engaging websites and applications with JavaScript, Figma, and Tailwind CSS. I earned advanced certifications in IT support and responsive web design. My passion lies in creating user-friendly and innovative web solutions, with the goal of becoming a senior developer and a leader in my field.

SKILLS

Tailwind CSS • Responsive Web Design • Figma (Software) • React.js • Git • JavaScript • HTML
Cascading Style Sheets (CSS) • User Experience (UX) • User Interface Design
